Ege Çetiner
Software Developer

Open-mindedness is the best feature that defines me. I am a keen team member who believes in mutual learning and instruction in work environments. Being a good and curious self-learner is my biggest talent so that I am enthusiastic to learn new and challenging subjects with a high degree of responsibility. Furthermore, I dedicated myself to increasing my knowledge and hence my abilities in order to be part of the better works.

EDUCATION

Middle East Technical University
Bachelor of Engineering

SKILLS

TypeScript, Javascript, HTML, CSS, ReactJS, React Native, NextJs, Bootstrap, Mui, AntDesign, Git, Firebase, Responsive Design

PROJECTS
